Project Description: Proposal to extend the front yard patio areas on the south and west elevations of an existing single-family residence in the Hillside Design District. The project includes the demolition of an existing patio wall and the addition of approximately 160 linear feet of concrete block patio privacy walls ranging from 6 to 8 feet in height. The project also proposes a metal-framed slide wire canopy structure at the south patio, 235 square feet of new impervious paving, site steps and gates, new landscaping, and site lighting. It also includes 22 cubic yards of cut and fill grading. This project includes Staff Hearing Officer review for a requested zoning modification to allow alterations within the required front setback.

Public comments will be allowed during review of the project by the SFDB. The SFDB is a body appointed by the City Council to focus on neighborhood compatibility, aesthetics, and design issues. Comments on private views and privacy issues are only partially within the SFDB's authority. Due to time constraints, individual comments may be limited to two minutes. Written comments are also welcome up to the time of the hearing, and should be addressed to the City Planning Division, P.O. Box 1990, Santa Barbara, CA 93102-1990, or by e-mail to SFDBSecretary@SantaBarbaraCA.gov.

This hearing is for design review only. If the project requires approval by the Planning Commission or the Staff Hearing Officer, you will receive a notice for that public hearing.
